BULLETIN for IMMEDIATE RELEASE:

Global Marketing Lighting is a member of the Global Marketing Corporate family. Global Marketing Corporation is a seasoned 30 year veteran specializing in the introduction of products into the US market and is proud to announce our latest brand introduction the **LED Retro8®** a highly efficient, patent-pending LED lighting system with UL approval and validated energy savings of up to 80%.

Global Marketing Lighting enlisted DSM Metro, a certified electrical field testing company, to monitor the true operating cost of retrofitted T12 and T8 Fixtures with **LED Retro8®**. The third report compares 2009 test with current 2010 test and shows that **LED Retro8®** had **ZERO** degradation over the one year time period.
